

SPARE TIRE COMPARTMENT

Constructed of tough 14 ga. steel, this option is great storage for your spare tire along with tie down straps, chains, binders, etc. Standard size is 33" x 33" x 10" deep. An oversize compartment of 42" x 33" x 11" deep is also available.

ALUMINUM CLAD CABINETS

We manufacture our own cabinets available in several different configurations. A wardrobe closet is also available. The cabinet doors can be any of our 12 standard colors.

CAR MATE TRAILERS INC.

RAMP OVER WHEEL WELLS & DIAMOND PLATE RUNNERS

This trailer is set up for the serious racer. Equipped with 500 watt quartz lights mounted in the rear header, cabinets, steps to the upper level of the gooseneck area, and checkerboard vinyl floor, just load your pit car or race car and you are ready to go!

QUARTZ DOCK LIGHT

The 500 watt light has a hinged arm and can swing out of the trailer and shine to the rear or around to the side. Stationary, recessed 500 watt quartz lights are also available.

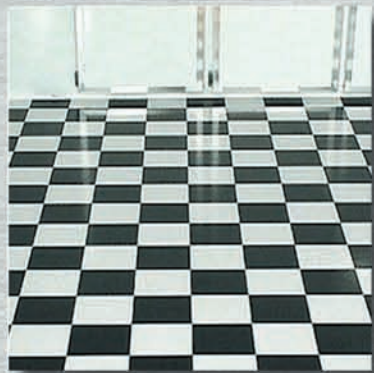

STEPS TO UPPER LEVEL, WHITE ALUMINUM WALLS, 110V LIGHTING

Aluminum diamond plate steps to the upper level of 5th Wheel / Gooseneck trailers feature a hinged opening to allow for storage. White aluminum walls will make the interior of your trailer shine! 110V lighting and receptacles will enable you to utilize tools and make repairs inside your Car Mate race trailer.

ADVANTAGE CAR HAULER

You can order your new Car Mate Trailer with the Advantage front. Our "V" nose design is available on both Eagle and Custom Car Haulers. The additional storage and aerodynamic design make this option one to consider.

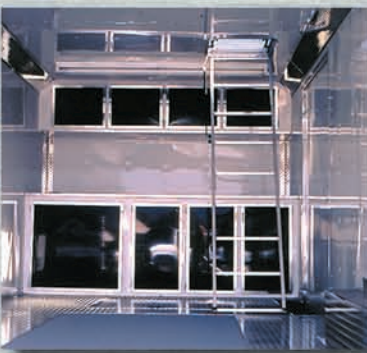

CHECKERBOARD FLOOR

Checkerboard vinyl flooring will give your trailer that true racing look. Other flooring options available are Roof Aluminum with ATP Runners, Rubber, or cover the entire floor with Aluminum Tread Plate.

INSIDE LADDER WITH ESCAPE HATCH

The ladder has gas props and attaches to the ceiling to keep it out of the way. The hatch dimensions are 20" x 20" and is tinted. This photo also shows our standard front wall cabinet configuration with upper and lower cabinets.

STANDARD EAGLE & CUSTOM CAR HAULER INTERIOR

Our side walls are high grade 1/4" AC Fir plywood installed vertically for superior fit and finish. The floor is 3/4" exterior grade plywood painted on both sides. The floor has a *Lifetime Warranty*. The seamless one piece aluminum roof also has a *Lifetime Warranty*.

RADIUS SLIDE WINDOW

These windows are tinted, slide open and have a screen. Available in the following sizes: 24"W x 15"H, 24"W x 24"H, 36"W x 24"H, 48"W x 24"H, 48"W x 36"H

GET-OUT DOOR

A road side get-out door is a great option for any classic car owner. Get-Out doors are available in two types. One type is hinged with a cam lock with a size of 48" W x 64" H. The other type is an awning door with gas props with a size of 72" W x 64" H.

BRIGHT ALUMINUM GENERATOR DOOR

Standard sizes are 24" x 24" and 30" x 30". You can also incorporate a slide-out tray to operate your generator outside the trailer. Custom size generator doors are also available.

TAPERED FRONT CORNERS

These corners are available in 25" and 38" taper lengths. The 25" taper adds an aerodynamic look to your 5th wheel or Gooseneck trailer. The 38" taper application is required when towing with a short bed truck.

ROLL-OUT AWNING

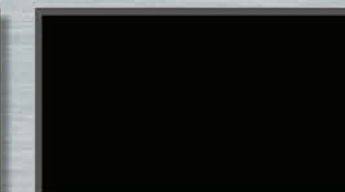

Roll-Out Awnings are available from 8' to 25' in length. Awnings 20' to 25' long require an optional center support. Awnings are available in eight different color combinations including the popular black and white checkered race flag design, perfect for showing your colors when you get to the track.
